OUR SPACE

Our Showground is a 300-acre flat grassland site which includes an extensive infrastructure of access gates, trackways and utility points throughout. The layout of the site enables you to build your event and expand year on year.

Located in the centre of the Showground our 2 buildings offer a large indoor space for you. These can be used individually or part of your event. Field view barn is 4800 sq. ft and our old-style American barn is 10000 sq. ft both which open to the Showground.

The Cheshire County Showground is a unique versatile space. It can accommodate a wide range of events from livestock shows, weddings, festivals, motor shows and much more!

OUR CHARITY

Cheshire Agricultural Society, as a charity organising the annual Royal Cheshire County Show, is committed to supporting local farming, agricultural and rural related business wherever practically possible.

We are home to The Royal Cheshire County Show, this has been the premier summertime agricultural event in the Northwest of England for 186 years.
